

Where the Red Fern Grows Comic Strip Project

Since we have finished reading an important part of the novel, I thought it would be fun to draw a comic strip of the Final Hunt.

Comic Strip – Comic strips often express messages or provide brief glimpses of events or stories. Key elements of a comic strip include character, setting, and plot — all conveyed in a few frames through a combination of pictures, captions, and dialogue. Due to its condensed format, a comic strip highlights only the most important elements of its targeted topic.

TASK: You are to create a comic strip that shows the Final Hunt from the beginning until they received the GOLD CUP.

Requirements:

- Show different characters
- setting
- dialogue
- The Final Hunt events
- captions
- drawn and colored
